RAMBOLL Telecom

Digital photographing up to 30 metre

RAMBOLL Telecom offers digital photography within special areas including:

- **Radio planning**
 - Panoramic photo
 - Visualisation
- **Transmission**
 - Line of sight (LOS)
- **Inspection**
 - Picture documentation
 - Maintenance documentation
- **Traffic planning**
 - Visualisation
 - Video recording for documentation
- **Companies/landscapes**
 - Company presentation (bird's-eye-view)
 - Visualisation of changes
- **New building**
 - Visualisation, shows the actual view from the apartment instead of telling about it.

Ramboll offers a new type of presentation of your home, that way you will achieve a better general impression of both accommodation and site.

Photo height covers from 4 metres all the way to 30 metres.
